SCALING RIGHT TO THE TOP

With Our Europe-Focused Student Recruitment Platform

PARTNERS ACCESS OUR BEST-IN-CLASS PARTNER PORTAL!

Expansive Course Finder

Our Course Finder offers advanced filters, intuitive navigation, and side-by-side comparisons for expansive choice-making during counselling.

Real-Time, Data-Driven Student Assessment

Our Partners Assess student profiles in real-time, coordinating with actionable insights that keep projects moving toward success without delays.

Streamlined Application to Visa Journey

Through our CRM-led approach, partners are able to centralise every aspect of a student's journey - from applications to visa, everything's in one place.

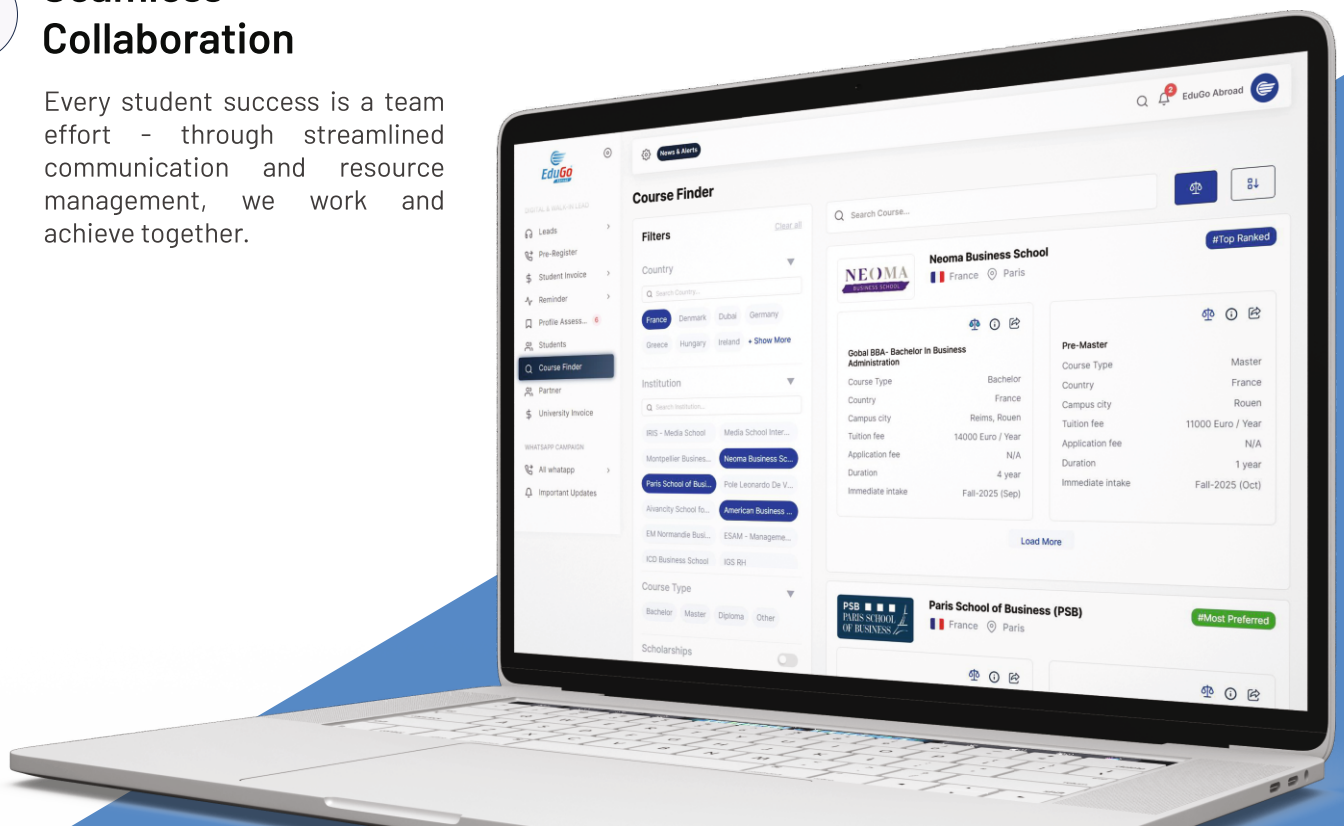

Exclusive Resource Hub

Partners keep tabs on scholarship updates, university details, country-specific requirements, and policy changes—all from one place.

Seamless Collaboration

Every student success is a team effort - through streamlined communication and resource management, we work and achieve together.

DIRECTOR'S SPEAK

"It Wasn't Easy, But That's Exactly Why We Did It"

Years ago, we chose to **Focus on Europe** because it offered unparalleled study abroad opportunities. With its rich history, exceptional education standards, and endless potential, we were confident these options would resonate with students in India.

To expand our reach, **we launched the Partner Program**, which has grown from a handful of partners to a thriving network of over **2,500 across India**. This journey wasn't easy, but it's been incredibly rewarding. By leveraging our expertise, partners gain access to the **Best European opportunities**, resources, and tools to deliver extraordinary outcomes for their students.

Today, our **Partner Program** empowers businesses across the SAARC region to grow their services, expand their networks, and help students achieve their dreams. For us, **our partners are more than collaborators**—they're an essential part of EduGo Abroad's journey, shaping the future of study abroad and making thousands of dreams come true each year.
